Form 990, Part III, Line 4a, Description of Program Service:

The Council provides service through six major activities: Education,  
Counseling, Navigation, Screening & Referral, Therapy & Treatment, and  
Recovery Support.

- Our education services include community workshops, professional  
education events, and several evidence-based curricula programs.

Education services are offered in schools, community centers, probation  
offices, and other places for people who may be interested in or  
struggling with substance use issues. Our education activities'  
long-term objective is to help prevent future generations from  
experiencing the devastation that comes with this disease.

-Counseling services are offered to clients living with or negatively  
impacted by someone else's substance use or to individuals who  
themselves are using substances and whose use has begun to cause harm  
in their lives. Counseling, while not geared to examine inter-psyche  
struggles, like therapy & treatment, is used to help clients begin to  
talk through their struggles and develop coping skills for the various  
environmental and social issues they may be experiencing that  
contribute to their use of substances.

- Navigation services link clients to various community resources that  
may help reduce or eliminate stressors, known as social determinants of  
health, which may be causing them to turn to substances.

- Screening & referral consist of using a prescribed set of questions  
designed to evaluate the person's level and severity of substance use  
and motivation to change. Referrals are made to treatment providers  
based on the level of use and the person's motivation and capacity to

pay for services.

-Outpatient therapy & treatment services explore how a client's family of origin and current family dynamics influence their problematic behaviors. Treatment is an 8-week-long service designed to offer an intensive, structured therapeutic opportunity with little disruption to daily life while gaining insight, skills, and support to create healthier family systems. The program includes group therapy, group education, skill-building, family therapy, multi-family education, support groups, and individual therapy.

- Recovery support services are non-clinical support offered to two groups of participants: 1) those who have achieved some level of sobriety and 2) participants taking initial steps to seek treatment and begin the recovery process. We provide face-to-face, phone, virtual, and Internet coaching to address issues that help the participant start or stay in recovery, provide emotional support in addressing personal life issues, aid in understanding the recovery process, and connect them to the recovery community. We also provide indirect coaching, which improves the participants' life circumstances and eliminates obstacles to recovery. Recovery support services, like Navigation, help participants address social determinants of health needs, such as affordable housing, food insecurity, transportation assistance, finding childcare, health and wellness activities, etc. Recovery support also includes providing educational services such as offering classes on nutrition, parenting, building a resume, completing job applications, conducting a job search, building a budget, preparing for the GED exam, relapse prevention, etc.

We served 27,575 individuals in FY23, 16,708 of whom were under 18, and 10,867 were adults.
